SMBC Taipei Branch

History

SMBC extended its footprints to Taiwan since 1998, when it started as a representative office and later established a branch in 2002.

While initially focused on providing banking services to Japanese corporates investing in Taiwan, the branch has increasingly grown its corporate portfolio to include Taiwanese large corporates and multinational companies.

Strengths of TPE Branch's Services

TPE Branch's Ongoing Commitment to Sustainable Development

- Sustainable finance is a core pillar of SMBC Group's social value creation strategy, underpinning our support for clients involved in Taiwan's energy transition.
- TPE Branch's suite of products includes Sustainability-linked Loans, Renewable Project Finance and Green Deposits (where proceeds are allocated to eligible green projects).
- TPE Branch is actively engaged with the renewable energy industry in Taiwan, supporting renewable energy projects through financial advisory services, project finance, and hedging solutions.

TPE Branch's Extensive Support for Customer Business Development

- TPE Branch stands prepared to meet the diverse business needs of your company across regions such as China, South-East Asia and beyond.
- SMBC has cultivated longstanding and extensive partnerships with Japanese companies, demonstrating a profound understanding of the trends shaping the Japanese businesses landscape. We offer substantial expertise in supporting the business development of both Taiwanese and Japanese companies. If your company is interested in exploring collaborative opportunities with Japanese enterprises, please feel free to contact us at any time.
